Dear Sir,

**RE: APPOINTMENT TO MEET PONTIFF POPE FRANCIS VICAR OF JESUS CHRIST IN NOVEMBER 2015**

The above subject matter refers.

**THAT:** kindly enlist us in the appointment diary to meet Pope Francis Vicar of Jesus Christ when visiting Kenya in November 2015 for the following agenda:-

- Serious human rights violation and Genocide in Western Sahara by Morocco through France agents
- USA refusal to vote for UNEP to get permanent status in Africa
- The deliberate genocide of immigrant at Mediterranean Sea carried out by European countries.
- African family values (The Kenya Anti Homosexuality Bill 2014) – global anti-homosexuality campaign

Effectively, as a party we would like to appeal to you during your visit to remind the Western World that Continental Africa is a holy land from any of their evil and satanic ideologies because it is in Africa where God Almighty told Moses to remove his sandals for he was stepping on holy ground. Also, God sought refuge for Jesus Christ in Africa (Egypt). Moreover the story of Ethiopian Eunuch who was a told a bout new faith and the river Nile which originates from Kenyan sources for decades fed the people of God in Middle East. With these amongst many other reasons we hold a believe that Africa is a holy land.

Thank you for co-operation.

With Regard.
